

HSE Executive

Kuala Lumpur | August 2018

About Asian Geos

We are the specialist arm of [Java Offshore](#) dedicated to geotechnical site investigation and engineering services for marine infrastructures in Oil & Gas, Telecommunications and Power Sectors. Headquartered in Kuala Lumpur, we have been providing clients with geotechnical services to an array of industries around the world. Since 2003, we have completed projects locally in Southeast Asia as well as in Greater China, India, the Middle-East and Europe.

Java Offshore Group is on the lookout for highly skilled and innovative team players eager to share our vision in becoming the Offshore Contractor of Choice. To strengthen our growing team, we are looking for motivated individuals that come from a variety of backgrounds and disciplines, united by their desire to challenge and be challenged.

Tasks & Responsibilities

- To act as the coordinator of the project team / advisor to the Project Manager.
- To perform as dedicated site Safety Officer during projects, whenever required.
- To monitor site specific project HSE Plan / performance and its implementation.
- To coordinate and represent the HSE Department during Accident Investigation.
- To act as secretary to meetings on HSE, whenever required.
- To record Performance Statistics for Management Review.
- To perform periodical inspection / audit.
- To monitor accidents, incidents, hazards and near misses and provide plan to prevent recurrence; close out all incidents on a timely basis.

Your Profile

- Preferably a Diploma or Degree in HSE or any relevant degree.
- At least 2 years working experience in oil & gas industry.
- Proficient computer skills, including Microsoft Office Suite.
- Proficient in written and spoken English and Bahasa Malaysia.
- Proactive, self-motivated, independent, able to multi-task with minimum supervision in a fast paced environment.
- Team player with good interpersonal and communication skills able to interact with people at all levels.
